TWO NEW MEDALS STRUCK BY THE ADMINISTRATUM

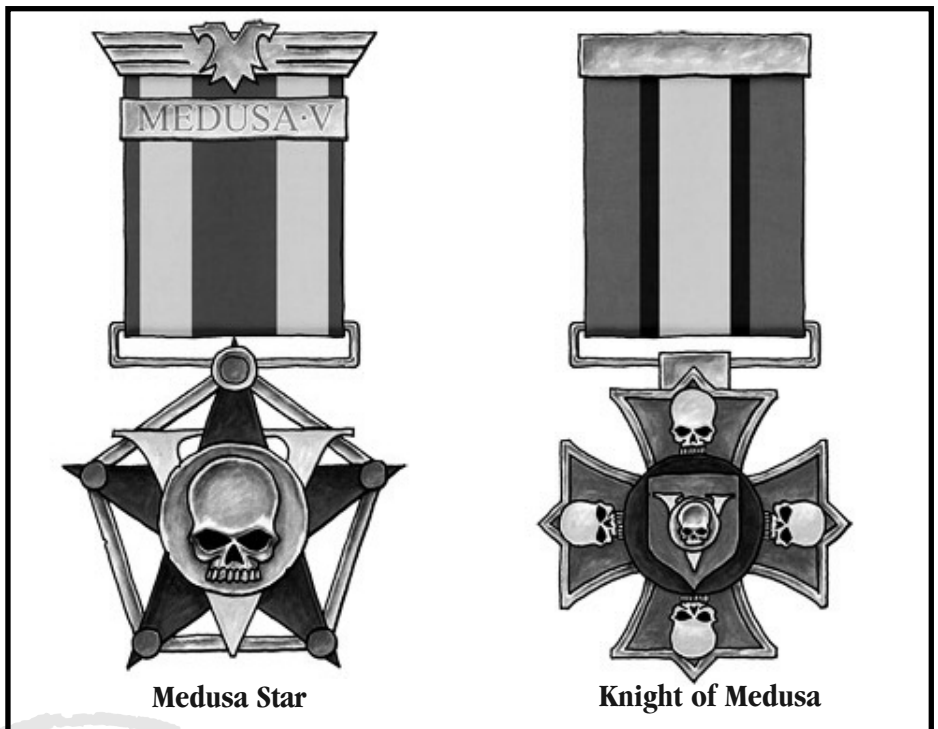

Manufactorium Hive Perseus, the Promethium Refinery located on Johannes Island (The Mission), in conjunction with Battlegroup Perseus have announced two new honours to reward acts of valour in the continued resistance on Medusa V.

Medusa Star

The Imperial Guard's general service medal to show active military service during the Medusa V campaign. It can be awarded to all ranks, though officers receive a gold version.

Knight of Medusa

A medal and honourific title awarded to officers of the rank of Colonel and above who led their regiments in 30 or more consecutive days of active combat.

Knight of Medusa

Arrival of new Canoness in time to bolster the Faithful defenders in the Mission

Canoness Commander Aurelia Celesta of the Order of Our Martyred Lady

To the Battle Sisters she commands, Reverend Mother Aurelia Celesta is a symbol of purity and dedication. No

matter the foe they face; be it daemon, heretic or alien, they know she will lead them with the same surety of purpose and faith.

Canoness Aurelia has examined her posting with a critical eye. Given a personal tour of the environ by Commander Hristovka himself, she has identified both its strengths and weaknesses. The natural defenses of the island site, with its unofficial patrols of the gargantuan sea-titans, and the heavily fortified approaches of Van Grothe's Viaduct will provide excellent opportunities for the defenders to hold back a considerable force, but should the

fighting reach the streets of The Mission there will be nowhere for them to withdraw to.

The battle to come would be one where no quarter can be given, and none expected. Just the way she likes it.

Hive Void Shield Redistributed
High Proctor Severin announced yesterday plans to move power supply away from outlying areas of Hive Perseus, but was unwilling to comment until he had conducted...
